HOW TO USE:

DO NOT apply if rain is expected within 24 hours.

DO NOT apply when temperatures are 30°C or higher, or during windy conditions.

DO NOT apply when soil is dry and plants or lawn are suffering from moisture stress.

DO NOT apply to plants, fruit trees, vegetables or parts of plants that are to be eaten.

Situation	Pests	How to Apply
Home and garden including indoor and outdoor ornamental plants such as flowers, shrubs, trees, lawn and non-bearing fruit trees	Nuisance pest insects including aphids, bugs, caterpillars, heliothis, leafhoppers, grasshoppers, thrips,	Apply at the first sign of pest infestation and before pest populations build up to damaging levels. Ensure thorough coverage of infested leaves and stems. For delicate plants such as ferns, test a small area of the plant first with only a very light spray. Maintenance Treatment: If necessary, repeat treatment at 3 month intervals or appropriate intervals to prevent re-infestation.
In and around domestic, public service, commercial, industrial buildings/premises (including the home, schools, hospitals, restaurants, hotels, motels, cafes, offices and factories).	Nuisance pest insects including ants, carpet beetles, cockroaches, fleas, flies, mosquitoes, silverfish, spiders, moths, wasps, weevils,	Apply to floors, skirting boards, carpets, cupboards, behind and below sinks, stoves and drains and other insect entry points, particularly cracks and crevices, window sills, window frames and fly screens. Spray outside surfaces of buildings and surrounds including but not limited to foundations, verandahs, window frames, eaves, patios, garages, soil, lawn, trunks of woody ornamentals or other areas where pests congregate or have been seen. Apply to insect nests or trails including spider webs and wasp nests, and around garbage bins. For best results perimeter treatment is advised. Maintenance Treatment: If necessary, repeat treatment at 3 month intervals or appropriate intervals to prevent re-infestation.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED

HOW TO USE: Shake well before use.

Indoor Site Preparation: Remove or cover all exposed food; cover all cooking and eating utensils and places where food is prepared. After use, thoroughly ventilate treated area. Clean up thoroughly before processing or serving food again. After use, ensure thorough good hygiene practices are followed, particularly removal of food scraps. Care should be taken not to spray delicate fabrics or furnishings as water based insecticides may stain.

CAUTION: DO NOT allow chemical containers or spray to get into drains, sewers, streams or ponds. DO NOT spray directly on humans, pets, exposed food, food preparation areas or food utensils. DO NOT spray if bees are feeding on flowering plants. Will kill bees. DO cover fish tanks before using. Dangerous to fish.

STORAGE AND DISPOSAL: Store in the closed, original container in a cool, dry, place out of the reach of children. DO NOT store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in the garbage.

SAFETY DIRECTIONS: Harmful if inhaled or swallowed. May irritate the nose and throat. May irritate the eyes. Facial skin contact may cause temporary facial numbness. Avoid contact with eyes and skin. Wash hands after use.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126.
