DIRECTIONS FOR USE:

PCT REACTOR WETTER 1000 can be used where the addition of a Surfactant is required or recommended on the agricultural chemical label. Variations in conditions of use can require some changes in the amount of PCT REACTOR WETTER 1000.

SITUATION:	RATE/100L	CRITICAL COMMENTS
Non-Selective Herbicides FOLIAR ACTIVE	25-100ml.	Use the higher rate on waxy, hairy or hard to wet surfaces. Increase rate for dry soils.
Selective Herbicides IN CROP USE	25-100ml.	Use when a surfactant is recommended on herbicide labels. Use the higher rate on waxy, hairy or hard to wet surfaces.
Soil Residual Herbicides	100-400ml.	When applied with soil residual herbicides to standing weeds, add PCT REACTOR WETTER 1000 to thoroughly wet foliage. Consult product labels for individual recommendations.
Horticulture Insecticides, Fungicides and Growth Regulators	40-100ml.	Vary rate according to the volume and nature of target. Use only when recommended on product labels
Paraquat and Diquat Herbicides Important when grasses are the major target	25-100ml.	Vary rate according to spray volume. Select rate in accordance with product labels.
Pasture Topping For use with Glyphosate CT	125ml	
Watering of Turf and Dust Abatement As additive to water	40-100ml.	Use the higher rate when watering turf
Fire Fighting Water Tanker Knapsack	5mL/100L 2mL/15mL	In this field PCT REACTOR WETTER 1000 has the advantage of less weight to carry compared with less concentrated surfactants and of being non-flammable. It increases the wetting power of water which assists in quick control and mopping up of fires. It is of particular value where water may not be readily available, when a less drenching spray is needed, and a tankful will cover a bigger area.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER,
CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER
APPROPRIATE LEGISLATION.**

GENERAL INSTRUCTIONS:

NOTE: Where product labels recommend the addition of a non-ionic wetting agent as a percentage (%) dilution, add 100mL PCT REACTOR WETTER 1000 per 100 litres of spray mixture to give 0.1%, 250mL/100L to give 0.25% or other rates as required using these examples.

MIXING:

For wettable powders and water soluble products, add PCT REACTOR WETTER 1000 in water before adding the agricultural chemical to spray tank. For emulsifiable products, add PCT REACTOR WETTER 1000 after a good emulsion is formed.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT:

Harmful to fish. Do not contaminate ponds, streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL:

KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS:

Avoid contact with eyes and skin. When using or preparing product for use, wear overalls, PVC/rubber gloves, goggles and safety shoes. After use and before eating, drinking or smoking wash hands.

FIRST AID:

If poisoning occurs, contact a Doctor or Poisons Information Centre
(Phone Australia 13 11 26).

If swallowed rinse mouth with water. Give several glasses of water to drink. If vomiting occurs, give more water to drink and seek medical advice. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor. If skin contact occurs, remove contaminated clothing and wash skin thoroughly with soap and water. If irritation occurs seek medical advice.

MATERIAL SAFETY DATA SHEET:

For further information refer to the Material Safety Data Sheet (MSDS) which is available from the supplier.

CONDITIONS OF SALE:

"PCT Holdings Pty Ltd" ("PCT") shall not be liable for any loss, injury, damage or death, whether consequential or otherwise whatsoever or howsoever arising whether through negligence or otherwise in connection with the sale, supply, use or application of this product.
